PREPARING RECYCLABLES

The City of Martinsburg encourages you to separate glass by color, to help facilitate curbside collection. Aluminum and steel/tin cans can be placed together. Labels may remain on **all recyclables**, and a **quick** rinse is all that is necessary when preparing recyclables. Metal and plastic rings may remain on glass bottles. City residents and business owners are required to provide their own **rigid** containers for curbside recycling. **Please do not use plastic garbage bags, paper bags, or cardboard boxes as recycling containers.**
